

What You Need to Know About Today's e Book Technology

eBooks, eReaders and OverDrive

After the holidays, eReaders will be coming into your library,
even if your library doesn't officially support them.

Free Workshop

In this 3-hour workshop, Computer Systems Manager, Sara Aden, from North Platte Public Library will teach you **what you need to know about today's e Book Technology.**

- Learn about Adobe Digital Editions, DRMs and how to use OverDrive.
- Hands on time with a Barnes and Noble Nook, a Sony Pocket Reader and a Pandigital Novel.

By the end of the workshop, you will feel more confident in your ability to give your patrons the help they need.

Feel free to bring your own eReader and/or laptop to the workshop.

WHEN: December 15, 2011
10 am—1 pm

WHERE: Lexington Public Library
907 North Washington Street
Lexington, NE
